Subject: Misinformation - US
Hi Liam,

This is what we have so far in terms of US politicians and misinformation. Also included below are the OPS posts to counter the misinformation on SM as things evolve. They have been very diligent in updating frequently.

Let me know if you have any questions. We continue to monitor and will highlight any new one we see on the US political front.

Many thanks for the efforts on your end!

Officiel du gouvernement - Canada

PROTESTORS: We told you to leave. We gave you time to leave. We were slow and methodical, yet you were assaultive and aggressive with officers and the horses. Based on your behaviour, we are responding by including helmets and batons for our safety.

As officers moved forward, the smoke you saw was not caused by police but protesters. We urge protesters to remain peaceful and lawful.
